

The A-LIST is an independent, non-profit, industry initiative, fostering development of sustainable turfgrass varieties and related products that perform their function with less maintenance inputs, thus benefiting the environment. A-LIST monitors a voluntary evaluation program including metrics like water conservation, reduced fertility and traffic, heat, and drought stress tolerances, all with no fungicide or insecticide applications. The varieties listed below represent the currently approved varieties. Be sure to check the A-LIST web site for future lists.

# APPROVED VARIETIES

## TALL FESCUE

Avenger II  
 SuperSonic  
 DaVinci  
 Fayette  
 Firecracker SLS  
 Grande 3  
 Leonardo  
 Michelangelo  
 Mustang 4  
 Nightcrawler  
 Rhizing Moon  
 Rockwell  
 Titanium 2LS  
 Maestro\*  
 Reflection\*  
 Regenerate\*

## KENTUCKY BLUEGRASS

Blue Note  
 Legend  
 Mercury  
 Shiraz  
 SR 2284  
 Heidi  
 Zinfandel  
 Hampton\*  
 Fullback\*

## FINE FESCUES

Clarinet .....Hard  
 Jetty.....Hard  
 SR 3150.....Hard  
 Minimus\* .....Hard  
 Conductor .....Chewings  
 Compass II.....Chewings  
 SR 5130.....Chewings  
 Radar .....Chewings  
 Chorus..... Strong Creeping Red  
 Navigator II ..... Strong Creeping Red  
 SR 5250..... Strong Creeping Red  
 Quatro\* .....Sheeps

## PERENNIAL RYEGRASS

Apple SGL  
 Fastball RGL  
 GrandSlam GLD  
 Seabiscut  
 Sideways  
 Stellar 3GL  
 Wicked  
 Banfield  
 Thrive  
 Man O War  
 Benchmark\*  
 Expedite\*

*\*Denotes varieties that have been given tentative approval based on NTEP and other national trials and rate at or above the level needed for full A-LIST approval. They will be entered into the next round of A-LIST trials.*

In order to aid turfgrass managers the ALLIANCE FOR LOW INPUT SUSTAINABLE TURF® (A-LIST®) seeks to influence turfgrass breeding by creating trial guidelines and evaluation protocols to identify the best performing turfgrass varieties under reduced inputs and management.

To ensure the integrity and independence of the program, testing is conducted by nationally recognized cooperators, selected on a regional basis to include environmental adaptability. These cooperators also participate on an Advisory Committee to further influence protocols. Participation in the independent and geographically diverse National Turfgrass Evaluation Program (NTEP) is also a requirement for the approval process.
